

Efficient cleaning with convenience

There are many things that should be present in a good backpack vacuum cleaner. It should be light in weight, with even weight distribution, and the noise level must be as low as possible. The Nilfisk GD 5 backpack vacuums surpass all criteria, making fast productive cleaning at a price that won't bust your budget.

- User friendly and ergonomic design for flexible cleaning
- 15 m detachable cable with safety release saves time
- Low sound level for operator comfort and cleaning in noise sensitive areas
- Good filtration with HEPA filter option
- Suitable for left or right handed use
- Fully recyclable components used for reduced environmental impact
- One year commercial warranty

There are many things that should be present in a good backpack vacuum cleaner.

It should be light in weight, with even weight distribution, and the noise level must be as low as possible. At the same time, the power needs to be sufficient for fast, effective cleaning, and the dust bag must be large enough to avoid constant changing. Without these basics, a backpack vacuum cleaner is uncomfortable and impractical to operate. The GD5 backpack vacuum cleaner meets these criteria and more.
